### 10-3 Arcs and Chords Online Module

Tuesday, 4/7/2015

Today you will continue section 10-3 through an online module. You may view the 10-3 Powerpoint (if needed), it is found under the Powerpoint section of the Geometry website. To gain full credit for today, you **MUST** show evidence of taking notes on the section and completing the 10-3 **GuidedPractice** problems. To complete the module, follow the directions below.

**Step 1)** Click [here](#) to be taken to the Lesson on Arcs and Chords.

**Step 2)** After you are finished taking notes and copying examples, go back to the Geometry page and locate the file named **glencoe\_geometry\_pgs701-707.pdf**, found under the picture of your **textbook**. This file is the copy of section 10-3. Complete the **GuidedPractice** problems (in addition to notes).

**Step 3)** Once completed with step 2, complete the **Check 4 Understanding**, pg.704 (1-7) all. Hand in at the end of class.

**Step 4)** If you finish with the **Check 4 Understanding** early, find something from another class to work on.

**Step 5)** Be prepared to show your notes and **GuidedPractice** problems before you leave class.
